DEFINITIONS

Annuitant – the natural person on whose life annuity payments for this Contract are based. Any reference to the Annuitant includes any joint Annuitant.

Beneficiary – the natural person or legal entity designated to receive any Contract benefits upon the Owner's death. The Contract allows for the naming of multiple Beneficiaries.

Business Day – each day that the New York Stock Exchange is open for business.

Completed Year – the succeeding twelve months from the date on which we receive a Premium payment. Completed Years specify the years from the date of receipt of the Premium and does not refer to Contract Years.

For example, if the Premium receipt date is other than the Issue Date or a subsequent Contract Anniversary, there is no correlation of the Contract Anniversary date and Completed Years. For example, if the Issue Date is January 15, 2026 and a Premium payment is received on February 28, 2026 then, although the first Contract Anniversary is January 15, 2027, Completed Year 0-1 for that Premium payment would begin on February 28, 2026 and end on February 27, 2027. Completed Year 1-2 for that Premium payment would begin on February 28, 2027.

Contract – the individual deferred variable and fixed annuity contract and any optional endorsements you may have selected.

Contract Anniversary – each one-year anniversary of the Contract's Issue Date.

Contract Value – the sum of allocations between the Contract's Investment Divisions and Fixed Account Options.

Contract Year – the succeeding twelve months from a Contract's Issue Date and every anniversary. The first Contract Year (Contract Year 0-1) starts on the Contract's Issue Date and extends to, but does not include, the first Contract Anniversary. Subsequent Contract Years start on an anniversary date and extend to, but do not include, the next anniversary date.

For example, if the Issue Date is January 15, 2026, then the end of Contract Year 0-1 would be January 14, 2027, and January 15, 2027, which is the first Contract Anniversary, begins Contract Year 1-2.

Fixed Account – part of our General Account to which the Contract Value you allocate is guaranteed to earn a stated rate of return over the specified period. The Fixed Account consists of the Fixed Account Options.

Fixed Account Option – a Contract option within the Fixed Account for a specific period under which a stated rate of return will be credited.

Fund – a registered investment company in which an Investment Division of the Separate Account invests.

General Account – the General Account includes all our assets, including any Contract Value allocated to the Fixed Account, which are available to our creditors.

Good Order – when our administrative requirements, including all information, documentation and instructions deemed necessary by us, in our sole discretion, are met in order to issue a Contract or execute any requested transaction pursuant to the terms of the Contract.

Income Date – the date on which you begin receiving annuity payments.

Investment Division – one of multiple variable options of the Separate Account to allocate your Contract's value, each of which exclusively invests in a different available Fund.

Issue Date – the date your Contract is issued.

Jackson, JNL, we, our, or us – Jackson National Life Insurance Company. (We do not capitalize "we," "our," or "us" in the prospectus.)

Latest Income Date – the Contract Anniversary on which the Owner will be 95 years old, or such date allowed by the Company on a non-discriminatory basis or as required by an applicable qualified plan, law or regulation.

Market Value Adjustment – an adjustment to the Contract Value allocated to the Fixed Account that is withdrawn, transferred, or annuitized before the end of the period.

Owner, you or your – the natural person or legal entity entitled to exercise all rights and privileges under the Contract. Any reference to the Owner includes any joint Owner.

Premium(s) – considerations paid into the Contract by or on behalf of the Owner.

Remaining Premium – total Premium paid into the Contract, reduced by withdrawals of Premium, including withdrawal charges, before withdrawals are adjusted for any applicable Market Value Adjustments or charges.

Separate Account – Jackson National Separate Account – I. The Separate Account is divided into sub-accounts generally referred to as Investment Divisions.

Separate Account Contract Value – the sum of all amounts allocated to any of the Contract's Investment Divisions.

IMPORTANT INFORMATION YOU SHOULD CONSIDER ABOUT THE CONTRACT

	FEES AND EXPENSES			Location in Prospectus
Charges for Early Withdrawals	If you withdraw money from your Contract within 7 Complete Years following your last Premium payment, you will be assessed a withdrawal charge. The maximum withdrawal charge is 8.5% of the Remaining Premium withdrawn during the first Completed Year. For example, if you make an early withdrawal within the first Completed Year, you could pay a withdrawal charge of up to \$8,500 on a \$100,000 investment. The withdrawal charge then declines by 2%, 1% or 0.5% per year for each additional Completed Year, until the end of the seventh Completed Year, after which no charge is made.			Contract Charges-Transaction Expenses: Withdrawal Charge
Transaction Charges	In addition to withdrawal charges, you also may be charged for other transactions, such as when you transfer cash value between investment options more than 25 times a year, or if you request expedited delivery or wire transfer of funds.			Contract Charges-Transaction Expenses

OVERVIEW OF THE CONTRACT

Q. What is this Contract, and what is it designed to do?

- A.** The Retirement Latitudes Contract is intended to help you save for retirement or another long-term investment purpose through investments in a variety of investment options during the accumulation phase. The Contract also offers death benefits to protect your designated Beneficiaries. Through the annuitization feature, the Contract can supplement your retirement income by providing a stream of income payments. The Contract also offers certain optional living benefits that provide you with the ability to take guaranteed withdrawals. This Contract may be appropriate if you have a long investment time horizon. It is not intended for people who may need to make early or frequent withdrawals or intend to engage in frequent trading in the Funds.

Q. How do I accumulate assets in the Contract and receive income from the Contract?

- A.** Your Contract has two phases:

- the accumulation phase, when you make Premium payments to us, and
- the income phase, when we make income payments to you.

Accumulation Phase

During the accumulation phase, to help you accumulate assets, you can allocate your Premium payments to:

- a variety of Investment Divisions. Each Investment Division invests in a corresponding (mutual fund) Fund, each of which has its own investment strategies, investment adviser(s), expense ratios, and returns; and
- a variety of Fixed Account Options, subject to availability, which offer a guaranteed fixed interest rate for a specified period. The Fixed Account Options are not available if you elect certain add-on benefits.

A list of Funds and additional information about the Funds in which the Investment Divisions currently invest is provided in Appendix A: Funds Available Under the Contract.

Income Phase

You can elect to annuitize your Contract and turn your Contract Value into a stream of fixed and/or variable income payments from us. (Variable payments depend on the performance of the Investment Divisions.) Currently, we offer income options that provide payments for (i) the life of the Annuitant(s), (ii) a specified period, or (iii) a combination of life and a specified period. We may offer other options, at our discretion, where permitted by state law. At the Income Date, you can choose to receive fixed payments or variable payments.

Please note that if you annuitize, your Contract Value will be converted to income payments and you may no longer withdraw money at will from your Contract. All add-on benefits terminate when you begin taking income payments.

Q. What are the Contract's primary features and options?

- A. Accessing your money.** Until you annuitize, you have full access to your money. You can choose to withdraw your Contract Value at any time (although if you withdraw early, you may have to pay a withdrawal charge, a contract maintenance charge, charges due under any optional endorsement, a Market Value Adjustment, and/or taxes, including tax penalties). Certain withdrawals could substantially reduce or even terminate the benefits available under the Contract.

Tax treatment. Your Premium payments accumulate on a tax-deferred basis. This means your earnings are not taxed until you take money out of your Contract, such as when (1) you make a withdrawal; (2) you receive an income payment from the Contract; or (3) upon payment of a death benefit.

Death benefits. Your Contract includes a Basic Death Benefit that will pay your designated Beneficiaries the greater of: (i) your Contract Value on the date we receive all required documentation from your Beneficiary; or (ii) the total Premiums you have paid since your Contract was issued reduced for prior withdrawals (including any applicable charges and adjustments) in the same proportion that the Contract Value was reduced on the date of the withdrawal. You can purchase optional add-on

death benefits under the Contract that provide additional death benefits for an additional fee. These add-on death benefits may increase the amount of money payable to your designated Beneficiaries upon your death.

Add-on benefits that occur during your lifetime. For an additional fee, you can purchase a guaranteed minimum withdrawal benefit (GMWB) that guarantees the withdrawal of a minimum annual amount (GAWA) for a specified period or for life, regardless of the performance of the underlying investment options, subject to certain conditions. Some add-on benefits may provide significant incentives for not taking the guaranteed withdrawals. In addition, exercising your right to opt out of charge increases to the add-on benefits will impact your ability to make subsequent premium payments into your Contract, and cut off some of the features of the add-on benefits. All add-on benefits terminate when you annuitize your Contract voluntarily or on the Latest Income Date, including the For Life payments guaranteed by the benefits. Some add-on benefits may provide an income option that allows the equivalent of For Life payments when you annuitize on the Latest Income Date.

Terminal Illness Benefit/Extended Care Benefit. At no additional charge, we currently include a Terminal Illness Benefit/Extended Care Benefit with all Contracts. This benefit increases the amount that can be withdrawn from your Contract without a withdrawal charge when certain qualifying events occur.

Rebalancing. At no additional charge, you can arrange to have us automatically reallocate your Contract Value among Investment Divisions and the one-year Fixed Account Option (if currently available) periodically to maintain your selected allocation percentages. Certain restrictions apply.

Dollar Cost Averaging. Alternately, at no additional charge, you may select either (i) Dollar Cost Averaging, which automatically transfers a dollar amount or percentage of money periodically from the one-year Fixed Account Option or any of the Investment Divisions into the Investment Divisions and other Fixed Account Options, or (ii) Dollar Cost Averaging Plus (DCA+), which automatically transfers a dollar amount or percentage of money periodically from the DCA+ Fixed Account Option to Investment Divisions or other Fixed Account Options. Certain restrictions apply.

Earnings Sweep. At no additional charge, you can choose to move your earnings from the one-year Fixed Account Option, if currently available, and the JNL/Dreyfus Government Money Market Investment Division. Restrictions apply.

Flex Net GMWB (Single) and (Joint) (previously called LifeGuard Freedom Net GMWB)	This benefit provides a feature that allows you to have guaranteed income for life (or joint lives under the Joint for Life option) plus greater access to your earnings. It uses an annual bonus and step-ups to help increase your Guaranteed Withdrawal Balance ("GWB"), the "protected balance" from which you take income. The features of this benefit provide more flexibility so you can plan for your unique needs. The primary features are the Guaranteed Annual Withdrawal Amount ("GAWA") and the Earnings Sensitive Adjustment (ESA). Your GAWA is the minimum amount of income you'll be able to count on annually and is based on your age at the time of your first withdrawal. BUYING THE CONTRACT

Q. How do I purchase the Retirement Latitudes® Contract?

- A. To purchase a Contract, you must complete an application. Your financial professional will submit your application, along with your initial Premium payment, to us. Acceptance of applications is subject to Jackson's rules. We reserve the right to reject any application or initial Premium payment.

Q. How much can I contribute and how are my Premium payments invested?

- A. You may allocate Premium payments in the available Investment Divisions and Fixed Account Options.

	NON-QUALIFIED CONTRACTS	QUALIFIED CONTRACTS
Minimum Initial Premium	\$25,000 (under most circumstances)	\$25,000
Minimum Subsequent Premiums	\$500 (\$50 for auto payment plan)	\$500 (\$50 for auto payment plan)
Maximum Total Premiums	\$1,000,000 (without prior approval) Jackson reserves the right to lower the maximum.	

You can pay additional Premiums at any time during the accumulation phase unless a specific add-on benefit or feature provides limitations. We can limit, restrict, suspend or reject any Premium payments for any reason. Allocation restrictions may apply to certain options.

Q. When will my Premium payments be credited to my account?

- A. We will issue your Contract and allocate your first Premium within two Business Days (days when the New York Stock Exchange is open) after we receive your first Premium and all information that we require for the purchase of a Contract. If we do not receive all of the information that we require, we will contact you to get the necessary information. If for some reason we are unable to complete this process within five Business Days, we will return your money.

Subsequent Premium payments should be sent to one of the following addresses:

Regular Mail P.O. Box 24068, Lansing, Michigan 48909-4068	Express Mail 1 Corporate Way, Lansing, Michigan 48951
---	---

Subsequent Premiums are allocated on the Business Day that the Premium is received. Each Business Day ends when the New York Stock Exchange closes (usually 4:00 p.m. Eastern time).

MAKING WITHDRAWALS: ACCESSING THE MONEY IN YOUR CONTRACT

Q. Can I access the money in my account during the accumulation phase?

- A. Until you annuitize, you have full access to your money. You can choose to withdraw your Contract Value at any time (although if you withdraw early, you may have to pay a withdrawal charge, a contract maintenance charge, charges due under any add-on benefit, a Market Value Adjustment, and/or taxes, including tax penalties).

You can have access to the money in your Contract by making a partial or total withdrawal, by electing the Automatic Withdrawal Program, or by electing a Guaranteed Minimum Withdrawal Benefit. Withdrawals will reduce the Contract Value of your Contract (including the amount of the death benefit). However, withdrawing the Contract Value of your Contract below a certain level will terminate your Contract.

Certain benefits may limit withdrawals under the Contract. Certain withdrawals could substantially reduce or even terminate the benefits available under the Contract.

Q. Are there limitations and consequences associated with taking money out of my Contract during the accumulation phase?

A. Yes. These limitations and consequences include:

Limitations on withdrawal amounts	The minimum withdrawal amount is the lesser of \$500 or, if less, the entire amount in the applicable Investment Division or Fixed Account Option. The minimum withdrawal is \$50 under the Automatic Withdrawal Program.
Charges, Market Value Adjustment, and taxes	As described above, when you take out money, there may be withdrawal charges, a contract maintenance charge, charges due under any add-on benefit, a Market Value Adjustment, and applicable taxes.
Negative impact of withdrawal on benefits and guarantees of your Contract	A withdrawal may have a negative impact on certain standard benefits or add-on benefits that you may elect. It may reduce the value of or even terminate certain benefits.

Q. What is the process to request a withdrawal of money from my Contract?

A. You can request a withdrawal from the Contract at any time before the Income Date. To request a partial or total withdrawal, you can send a written request in Good Order to one of the following addresses:

Regular Mail P.O. Box 24068, Lansing, Michigan 48909-4068	Express Mail 1 Corporate Way, Lansing, Michigan 48951
---	---

Generally, for partial or total withdrawal requests received in Good Order before the end of the Business Day, we will process your request that day. If we receive your request in Good Order after the close of the end of the Business Day, your request will be processed the next Business Day. Generally, Jackson will pay the withdrawal proceeds within seven days of a request in Good Order.

Q. Can I access the money in my account during the income phase?

A. The income phase of your Contract occurs when you begin receiving regular income payments from us. You can choose an income option and the date income payments begin (subject to a maximum age). All of the Contract Value must be annuitized. If you annuitize, you may no longer withdraw money at will from your Contract. However, under income options with a specified period, the Beneficiary may request a lump sum payment subject to a commutation fee.

EXAMPLE

The table below is intended to help you compare the cost of investing in the Contract with the cost of investing in other variable annuity contracts. These costs include transaction expenses, annual Contract expenses and annual Fund expenses. The Example assumes that you invest \$100,000 in the Contract for the time periods indicated. The Example also assumes that your investment has a 5% return each year, and assumes the most expensive combination of annual Fund expenses and add-on benefits available for an additional charge (using the maximum possible charge). Although your actual costs may be higher or lower, based on these assumptions your costs would be:

If you take a total withdrawal of your Contract Value at the end of the applicable time period				If you annuitize at the end of the applicable time period				If you do <u>not</u> take a total withdrawal of your Contract Value			
1 Year	3 Years	5 Years	10 Years	1 Year*	3 Years	5 Years	10 Years	1 Year	3 Years	5 Years	10 Years

*Withdrawal charges apply to annuitizations occurring within one year of the Contract's Issue Date.

The example does not represent past or future expenses. Your actual costs may be higher or lower.

APPENDIX A

FUNDS AVAILABLE UNDER THE CONTRACT

The following is a list of Funds (all Class A shares) available under the Contract, which is subject to change, as discussed in the prospectus. Certain broker-dealers selling the Contracts may limit the Investment Divisions that are available to their customers. You can find the prospectuses and other information about the Funds online at <https://www.jackson.com/fund-literature.html>. You can also request this information at no cost by calling 1-800-644-4565 or by sending an email request to ProspectusRequest@jackson.com.

The current expenses and performance information below reflects fees and expenses of the Funds, but does not reflect the other fees and expenses that your Contract may charge. Expenses would be higher and performance would be lower if these charges were included. Each Fund's past performance is not necessarily an indication of future performance.
